MPC 2.11.10 Software Update

Compatibility

MPC 2.11 Software is now compatible with macOS Ventura with native support for running on Macs with Apple Silicon processors and Windows 11.

Downloading the Update

To download the MPC 2.11.10 Desktop Software Update, log into your Akai Pro user account or through MPC 2 when prompted.

For instructions on installing the update, please visit our support page [here](#).

Stability and reliability

MIDI Tracks

- MIDI notes on MIDI Channel 16 are now recorded correctly

Known issues for this release

The following issues have been confirmed by Akai Professional to be present in this and previous versions of MPC Software. We are actively working on a resolution to these issues.

- In some cases, MIDI note-off messages can be sent to the wrong MIDI channel when received from multiple sources simultaneously.
